

Public Ruling Navajo
Sales Tax Classification
of Activities

A ruling has been requested regarding how certain activities should be classified on the Sales Tax Return Form 600. Specifically, the question has arisen as to how to classify the retail sale of goods when the vendor has no retail location within the Navajo Nation but rather makes delivery of goods to a buyer who is located within the Nation.

These sales should be classified as H – Other. They are not to be classified as A – Retail. Classification A on the Form 600 is only to be used when the sale is made at a retail location operated by the vendor and physically located within the Navajo Nation.

Example:

Smith Office Supply is located in Gallup, New Mexico, outside the Navajo Nation. Smith delivers office products to customers within the Navajo Nation from its Gallup location; Smith has no stores within the Navajo Nation. Smith should classify its gross receipts as being under H – Other. If Smith ever opens a store within the Navajo Nation, the gross receipts from sales at that store will be classified as A – Retail.

This ruling shall remain in effect, until withdrawn by the Office of the Navajo Tax Commission or superseded or rendered invalid by a change in statute or regulation.
